through September 6.

Also receive a FREE Swing Table with
purchase of any Stressless® recliner.

We've cut the cost, not the **comfort**.

Stressless® living – it's all about comfort

There are many reasons why Stressless® is the most comfortable line of furniture in existence. We could tell you how each recliner, sofa and home theater piece is innovatively designed from the inside out for unmatched comfort. Or that our recliners come in multiple sizes to fit all body types. We could also mention that Stressless® is endorsed by the American Chiropractic Association. But none of these things adequately conveys what the Stressless® line is capable of. There is only one way to understand the feeling of total and utter luxury. You have to sit in one. Then you will know what Stressless® living truly is: the perfect fusion of support, beauty and function. Because when it comes to comfort, we are uncompromising.

- A Patented Plus™ System provides continuous support for your head and lower back.
- B Stressless® relaxes your entire body by providing perfect balance and optimum support.
- C Adjust the Stressless® glide wheel to the desired setting. You can automatically shift to any seating position by simply using your body weight.
- D Easy-to-move ottoman features the built-in Glide System that adjusts to your body movements for ultimate comfort.
- E Stressless® is designed for longevity. A round base and double-stem support ensure stability.
- F Stressless® is created for a custom fit – some of our recliners come in three sizes (S, M, L) and our sofas even come in two (W, L).
- G The Swing Table is a versatile accessory, holding your remote, your phone or whatever you want to have handy. Free with purchase of any Stressless® recliner through Sept. 7.

Relax, it's on sale.
