

Humanscale Pricing and Specification Guide

Seating

freedom® Features & Characteristics

With Freedom, the knobs, levers and locks of current-generation task chairs have been replaced by intelligent mechanisms that automatically support the body as it moves from task to task. By minimizing the need for manual controls, Freedom maximizes natural, spontaneous movement, which is essential for a healthy body and a comfortable day's work. Freedom's many features can be enjoyed with virtually no effort.

PHYSICAL CHARACTERISTICS

CUSHIONS

- Molded polyurethane foam cushions
- Optional arm pads and seat have top layer of Technogel®
- Upholstered with a variety of materials customized to the unique form of the cushion

CUSHION PANS, ARMREST SUPPORTS, HEADREST FRAME, AND FIVE-ARM BASE

- Injection-molded, structural, integral color plastics

EXTERNAL FRAME AND OPTIONAL BASE UPGRADE

- Die-cast aluminum with fused plastic coating or polished aluminum finish

STORED ENERGY DEVICES

- Nitrogen-charged gas cylinder for adjustable seat height
- Coil spring in the self-adjusting recline mechanism
- Elastomer spring in the pivoting backrest

OPTIONAL FOOT RING

- Chrome-plated steel ring

STANDARD FEATURES

SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides up to 1" additional lumbar support when needed

SYNCHRONIZED ARMRESTS

- Revolutionary armrests move in tandem to eliminate uneven arm positioning
- Natural lift and release action for immediate repositioning without buttons or locks
- 6" range of vertical motion to accommodate all users and tasks
- Can be positioned below thigh level for close table or desk work
- Attached to backrest so arms stay in same relation to body during recline
- Duron arm pad for durability and comfort

STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

CONTOURED CUSHIONS

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

BODY FIT

- Size adjustable to fit more than 95% of the population
- Adjustments for fit-to-size:
 - Headrest: 5" vertical adjustment range
 - Seat Height: 5" adjustment range
 - Seat Depth: 2.25" adjustment range
 - Backrest/Lumbar Support Height: 3" adjustment range

HARD CASTERS

- 2.5" double-wheel casters for carpeted floors

OPTIONAL FEATURES

DYNAMIC HEADREST

- Position-sensitive headrest moves into place when you recline and out of the way when you sit upright
- 5" vertical adjustment to fit all users
- Moves in the natural arc of head/neck for perfect support through range of recline
- Contoured to cradle the head and neck in comfort

GEL SEAT CUSHION

- Non-degradable, non-compressible Technogel® layer on top of foam core
- Provides maximum pressure distribution
- Offers unmatched, long-term comfort

ARM PAD OPTION

- Standard Flexible Duron
- Duron with Gel for optimal comfort

ADVANCED ARMRESTS

- Pivot at elbow for width adjustment
- Lockable in 5° increments
- Automatic unlock feature when positioned inward and user wishes to exit chair
- 1.25" longer than Standard Armrests for additional forearm support

CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring
- Extra-high cylinder with foot ring (Saddle seat only)

FOOT RING

- Polished finish
- Height-adjustable

CASTER OPTIONS

- 2.5" soft double-wheel casters for hard floors
- Non-rolling glides for fixed-location use
- 2.5" locking casters

FIREPROOFING

- CAL 133-approved
 - Fireproof barrier between textile and foam
 - Fire-retardant plastics

freedom® Specifications

TASK CHAIR

SCOPE OF USERS

- Standard chair fits more than 95% of the office population
 - 5'0" Woman to 6'4" Man
 - 100 to 300 lbs.
- Users outside the standard range can be accommodated by
 - Low or Tall Cylinder
 - Advanced Armrests

WEIGHT

- 35 lbs. Standard Chair
- 39 lbs. Chair with Headrest
- 13.9 lbs. Saddle
- 19 lbs. Saddle with Foot Ring
- 12.5 lbs. Pony Saddle
- 16.5 lbs. Pony Saddle with Foot Ring

BACKREST RECLINE

- 22° recline plus 7° backrest tilt

REFERENCE ANGLE BETWEEN SEAT AND BACK

- 100° to 129°

ADVANCED TASK ARMRESTS

- Horizontal angle change from elbow pivot point
 - 35° each armrest
 - Lockable in 5° increments

HEADREST RADIAL MOTION

(automatic motion during recline)

- 30°

LUMBAR SUPPORT INCREASE IN RECLINE

- 1"

SADDLE SEAT

² Only available on Saddle Seat

³ Requires Glides or Locking Casters

⁴ Standard Aluminum Base should be selected with A and M frame colors

⁵ See Terms and Conditions, page 91, for minimum order requirements

[†] Must be selected for Saddle and Pony Saddle.

Liberty® Features & Characteristics

Liberty, with Form-Sensing Mesh Technology, is unlike any mesh chair you've seen or experienced. With its tri-panel construction, Liberty has the body-fitting contours that single-panel stretch mesh chairs simply can't achieve. And it offers perfect lumbar support for everyone, without external devices or manual adjustments. Liberty's mesh back is formed by combining three panels of non-stretch mesh in the same way a tailor combines multiple pieces of material to form a shirt. So its contours are custom-made to both fit and support the human body in unprecedented comfort.

PHYSICAL CHARACTERISTICS

CUSHIONS

- Non-stretch, tri-panel mesh back
- Molded polyurethane foam seat cushion
- Duron arm pads
- Optional arm pads and seats have top layer of Technogel®
- Seats upholstered with a variety of materials customized to the unique form of the cushion

CUSHION PAN, BACK FRAME, FIVE-ARM BASE

- Injection-molded, structural, integral color plastics
- Optional stainless steel caps on base

EXTERNAL FRAME

- Die-cast aluminum with fused plastic coating or polished aluminum finish

STORED ENERGY DEVICES

- Nitrogen-charged gas cylinder for adjustable seat height
- Coil spring in the self-adjusting recline mechanism
- Torsion spring in the pivoting backrest

OPTIONAL FOOT RING

- Chrome-plated steel

STANDARD FEATURES

SELF-ADJUSTING RECLINE

- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement

STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

CONTOURED SEAT CUSHION

- Carefully sculpted to match body contours
- Increased contact area reduces pressure points
- Modular for easy replacement

BODY FIT

- Size adjustable to fit more than 95% of the population
- Form-sensing mesh provides perfect lumbar support—automatically
- Manual adjustments for fit-to-size:
 - Seat Height: 5" adjustment range
 - Seat Depth: 2.25" adjustment range

CASTERS

- 3" casters for carpeted floors

OPTIONAL FEATURES

ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 5" range of adjustment

GEL SEAT CUSHION

- Non-degradable, non-compressible Technogel® layer on top of foam core
- Provides maximum pressure distribution
- Offers unmatched long-term comfort

ARM PAD OPTIONS

- Standard Flexible Duron
- Duron with Gel for optimal comfort

CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring

FIREPROOFING

- CAL 133-approved
 - Fireproof barrier between textile and foam
 - Fire-retardant plastics

CASTER OPTIONS

- 3" soft casters for hard floors
- Non-rolling glides for fixed location use

POLISHED BASE CAPS

- Stainless steel caps on five-star base for wear protection and aesthetic appeal

FOOT RING

- Polished finish
- Height-adjustable
- 18" or 21" diameter

Diffrient[™]world Features & Characteristics

Diffrient World marks Humanscale's first foray into all-mesh task seating. Like its mesh-backed forerunner, Liberty, Diffrient World's tri-panel backrest hugs the body to provide tailor-made lumbar support, while its mesh seat eliminates contact stress under the thighs. But Diffrient World's major innovation is its mechanism-free recline action, which leverages two parts of the chair's frame, the user's body weight, and the laws of physics to provide automatic and balanced support throughout the full range of recline. No chair is more intuitive, creating the ultimate user-friendly sitting experience.

PHYSICAL CHARACTERISTICS

CUSHIONS

- Non-stretch, tri-panel mesh back
- Non-stretch mesh seat
- Optional upholstered polyurethane foam seat cushion

EXTERNAL FRAME

- Injection-molded, structural, integral color glass-filled Nylon 6

STORED ENERGY DEVICES

- Pneumatic cylinder for adjustable seat height

OPTIONAL FOOT RING

- Chrome-plated steel

STANDARD FEATURES

SELF-ADJUSTING RECLINE

- Mechanism-free counter-balance recline action automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
- No tension springs to adjust
- No recline locks to set/release
- During recline, the angle between torso and legs opens up for better body function
- User maintains near-constant eye level during recline

PIVOTING BACKREST

- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
- Provides additional lumbar support as needed

FORM-SENSING MESH

- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customized fit
- No external lumbar devices to adjust, break or lose
- Low-abrasion mesh protects clothing
- Modular for easy replacement and upgrades

NON-STRETCH MESH SEAT

- Automatically sculpts to match body contours
- Cradles the body in flexible, breathable mesh
- Frameless front edge eliminates contact stress under the thighs

STANDARD CYLINDER

- Provides seat height range that accommodates 95% of the population

BODY FIT

- Size adjustable to fit 95% of the population
- Form-sensing mesh provides perfect lumbar support—automatically
- Manual adjustments for fit-to-size:
 - Seat Height: 5" (127mm) adjustment range
 - Seat Depth: 3.5" (89mm) adjustment range

CASTERS

- 3" (76mm) standard hard casters

OPTIONAL FEATURES

ARMREST OPTIONS

- Armless
- Fixed armrests
- Height-adjustable armrests with 3.2" (81mm) range of adjustment

ARM PAD OPTIONS

- Flexible Duron
- Matching textile-covered arm pad

UPHOLSTERED SEAT CUSHION

- Mesh topped with a thin layer of polyurethane foam
- Upholstered in a variety of textile options

CYLINDER OPTIONS

- Low cylinder for small users
- Tall cylinder for very tall users
- High cylinder with foot ring

FIREPROOFING

- CAL 133-approved

CASTER OPTIONS

- Non-rolling glides for fixed location use
- Optional soft casters for hard floors

FOOT RING

- Chrome finish
- Height-adjustable

cinto™ Features & Characteristics

Appropriate for a wide range of commercial and residential environments, Cinto sets a new standard for ergonomic stackable seating through unique design and manufacturing innovations. Spanish for “belt,” Cinto features a floating backrest that is attached to the chair’s frame via a flexible belt, allowing it to move with the body to provide recline and automatic lumbar support. Stress-relief cross-slits on Cinto’s seat pan flex independently under the sitting bones to evenly distribute body weight and reduce pressure points, while air vents on the backrest and seat pan enable air circulation for cool seated comfort.

PHYSICAL CHARACTERISTICS

SEAT PAN, BACKREST

- Injection-molded polypropylene

ARM PAD

- Polyethylene

FRAME

- Steel tube

BELT

- Elastomer

STANDARD FEATURES

FLEXIBLE BACKREST

- Attached to the chair’s frame via a flexible belt, the floating backrest bends and adjusts with the sitter
- Flexibility of backrest creates virtual pivot point for automatic lumbar support
- No adjustments required

STRESS-RELIEF CROSS-SLITS

- Seat pan cross-slits flex independently under the sitting bones for even weight distribution and reduced pressure points

VENTED SEAT PAN AND BACKREST

- Promotes air circulation and prevents “hot spots”

STACKABILITY

- Freestanding Cintos stack six chairs high
- Up to 15 chairs can be stacked on the optional Cinto Dolly

BACKREST HANDLE

- Provides easy transport

LOW MAINTENANCE

- Washable with soap and water

OPTIONAL FEATURES

ARMREST OPTIONS

- Armless
- Fixed arms

FRAME OPTIONS

- Silver
- Black

BASE OPTIONS

- Sled base
- Four legs on glides
- Four legs on casters

Textiles

TEXTILE

The cushions on all Humanscale chairs utilize advanced technology developed primarily for the sportswear and sporting goods industries. In a single step, a high-tech molding process combines the textile, foam or Technogel®, and plastic support shell into a single, modular unit which can be attached to our seating with four screws. Because of this advanced process, the textiles used on the cushions are as unique as the rest of the chair, and satisfy requirements more demanding than typical upholstery textiles.

WAVE

Textile Code: W **Textile Grade: 1**
Developed initially for sportswear, Wave responds to the unique form and production requirements of Humanscale seating. This four-way stretch fabric exceeds all contract interior testing requirements for heavy-duty upholstery. The colors of Wave are taken from the phenomenal hues found in nature.

Colors:
101 Black
102 Graphite
104 Smoke
201 Dark Brown
213 Rattan
402 Loden
415 Sage
502 Blue
507 Navy
601 Ultraviolet
714 Poppy
803 Cayenne

SQUIGGLE

Textile Codes: **Textile Grade: 0**
Vertical: S
Horizontal: G
Composed of 100% recycled polyester, Squiggle offers an innovative weave structure to create a modern organic wave pattern resembling ripples of water. This environmentally sound textile may be applied either horizontally or vertically to Humanscale seating.

Colors:
106 Ash
208 Chocolate
262 Sand
275 Espresso
448 Herb
501 Indigo
507 Navy
735 Cinnabar
811 Tangerine

SENSUEDE

Textile Code: D **Textile Grade: 3**
Offering style and performance, Sensuede was developed to be the best and most luxurious engineered suede available. The silky feel is the result of recycled microfibers that are breathable, extra-strong, and resistant to most stains and wrinkles.

Colors:
111 Ebony
115 Pewter
208 Chocolate
305 Goldenrod
406 Olive
411 Pear
413 Arbor
512 Denim
517 Persian
709 Pampas
712 Oxblood

VELLUM

Textile Code: V **Textile Grade: 1**
Constructed of a simple weave using a blend of nylon, Cordura and elastic yarn, this textile offers a pleasing texture and extreme durability. Because of the Cordura content, this four-way stretch woven textile performs to the rigors of the most demanding environments. The color palette includes brights, classics, and neutrals.

Colors:
101 Black
102 Graphite
106 Ash
114 Light Gray
202 Seal
211 Beech
212 Mahogany
404 Moss
407 Grass
414 Greenwood
507 Navy
607 Periwinkle
713 Pomegranate

SPIRIT MILLENNIUM

Textile Code: U **Textile Grade: 1**
An antimicrobial and wipeable textile manufactured by Naugahyde, this textile is designed for use in healthcare, education, hospitality, and other environments that require surfaces to be durable and easy to maintain. It passes healthcare testing, such as anti-microbial and cleanability tests, and meets fire code requirements.

Colors:
101 Black
112 Greystone
113 Gunmetal
210 Putty
304 Golden Corn
412 Artichoke
514 Dutch Blue
515 Wedgewood
516 Royal
608 Crocus
711 Raspberry
802 Mandarin Orange

GINKGO

Textile Code: F **Textile Grade: 2**
Composed of 90% Wool, Ginkgo offers a pleasing texture and durability. Its subtle and elegant pattern makes this textile appropriate for a variety of environments. Ginkgo comes in vibrant and saturated colors, expanding the scope of Humanscale's upholstery line.

Colors:
101 Black
197 Charcoal
281 Walnut
315 Wheat

BRIDGET STRIPE

Textile Codes: Textile Grade: 2

Vertical: B

Horizontal: H

Composed primarily of renewable merino wool, Bridget Stripe offers a five-color 50-stripe pattern with shifting color sequence that creates an undisrupted movement across the surface of the fabric. Boasting exceptional durability for a wool textile, Bridget Stripe may be applied either horizontally or vertically to Humanscale seating.

Colors:

104	Smoke
266	Kohl
267	Flax
529	Midnight
560	Lapis
732	Carmine

PROMESSA

Textile Code: E Textile Grade: 3

This Ultraleather textile from Ultrafabrics is environmentally friendly, wipeable and antimicrobial, and ideally suited to healthcare, hospitality and industrial applications. Made without PVC, Promessa has a pebbled, highly textured finish that will work beautifully in a wide variety of environments.

Colors:

111	Ebony
139	Snow
157	Dewdrop
158	Shale
215	Horsehair
219	Fields
222	Pearl
223	Parchment
224	Cashmere
229	Briarwood
245	Bronze
255	Leather
290	Woodpecker
291	Cocoa
292	Tusk
306	Linen
310	Sun Shower
428	Loden
429	Hunter
441	Moss
451	Lily Pad
518	Atlantic
527	Aquamarine
611	Merlot
722	Dogwood

LOTUS

Textile Code: K Textile Grade: 1

Water repellent and easy to clean, Lotus is an ideal textile for the healthcare and hospitality environments. Its polyurethane finish with nylon backing boasts a soft texture that is pleasant to the touch while offering exceptional durability.

Colors:

101	Black
128	White
158	Shale
182	Hematite
2C4	Umber
281	Walnut
302	Ochre
459	Verdant
507	Navy
603	Plum
608	Crocus
623	Lilac
624	Eggplant
756	Ribbon Pink
757	Earth Red
758	Lucky Red

Textiles

SPINNEYBECK LEATHER

VICENZA

Textile Code: Z Leather Grade: 0

A lightly corrected, aniline-dyed leather produced from European hides, Vicenza receives a special retannage which enriches the leather and tightens the grain. A breathable protective finish offers durability and comfort.

Colors:

101	Black
201	Dark Brown
214	Saddle
506	Night Blue

SABRINA

Textile Code: L Leather Grade: 1

Sabrina is one of Spinneybeck's most popular full-grain leathers, offering a smooth, tight grain and suppleness of hand. It is the favorite of those seeking an elegant, fine-grained leather for high-traffic use.

Colors:

101	Black
203	Gray Beige
206	Bone
207	Nutmeg
408	Cat's Eye
508	Marine Blue
509	Water Sapphire
710	Rhubarb

PRIMA

Textile Code: P Leather Grade: 2

Prima signifies the ultimate in full-grain leather. Old world craft combined with premium select raw material create a leather in a class by itself.

Colors:

101	Black
205	Bernini
511	Giotto
609	Bramante
708	Scarlati

CERVO

Textile Code: R Leather Grade: 3

Cervo is thicker than the other leathers in our collection. Specialized milling adds additional character providing a soft pebble grain texture unmatched by any other leather in its class.

Colors:

1A6	Pietra Lentina
1A7	Sasso Nero
2F0	Mantefalcone
2E8	Aveto
2E9	Metaponto
470	Campigna

ACQUA

Textile Code: Y Leather Grade: 1

Acqua's combination of a special retannage and technically-advanced finishing process results in a leather that is not only water-resistant but also practical for applications that require a durable finish.

Colors:

1C0	Leviathan
1C1	Black Sea
1A9	Aquitania
2F1	Tahiti
2F2	Mississippi Delta
2F3	Sea Wolf
471	Flying Dutchman
573	Cote d' Azur
763	Yardarm

TEXTILE PURCHASE PROGRAM

All Humanscale textiles (with the exception of Leather, Sensuede, Promessa and Spirit Millennium) are available for purchase by the linear yard. The prices below are net (standard discounts do not apply). A \$20 cut charge will apply to each order. Please see your Humanscale representative for more information.

Wave	\$35/yd (61" width)
Monofilament Stripe	\$60/yd (50" width)
Vellum	\$45/yd (50" width)
Silver Check	\$70/yd (53" width)
Torque	\$70/yd (57" width)

Squiggle	\$25/yd (54" width)
Bridget Stripe	\$55/yd (55" width)
Lotus	\$36/yd (54" width)
Ginkgo	\$75/yd (51" width)

MESH

These translucent textiles were created to provide optimal ergonomic support and comfort by melding strength, flexibility and resiliency. They surpass the performance criteria for contract seating textiles and meet a variety of environmental standards in both the United States and Europe, while remaining gentle on clothing.

MONOFILAMENT STRIPE

Mesh Code: M

Using only monofilament yarns that are thin and strong, a simple but classic stripe pattern is achieved through weave structure and yarn placement. This pattern has slight elasticity but terrific memory.

Colors:

10	Black
11	Carbon
14	Platinum
41	Green
51	Atlantic
81	Amber

SILVER CHECK

Mesh Code: C

This unique translucent pattern is achieved using monofilament and a silver-plated yarn spun with polyester at its core. More than simply an aesthetic choice, the silver-plated yarn gives the textile flexibility and strength.

Colors:

12	Alloy
32	Topaz
62	Sapphire
71	Ruby

TORQUE

Mesh Code: T

This proven weave construction gives the look of a solid yet translucent textile. Originally developed as a protective layer for motorcycle riders, Torque is woven with nylon, polyester and urethane yarns. It is both unique and durable.

Colors:

10	Black
13	Aluminum
31	Soleil
61	Lagoon

DASH

Mesh Code: A

Designed to resemble embroidery floss, Dash is stronger, more responsive, lighter weight and uses less material than most mesh textiles. It gives the user support, comfort and ease of movement, while meeting Humanscale's seating requirements.

Colors:

14	Platinum
19	Zinc

CUSTOM COLORS

Textiles – Most Humanscale textiles are available in any customer-specified color. Delivery time frames for custom color orders will depend on color approval. A surcharge of \$200 will apply to custom color orders of 100 or more chairs, and a surcharge of \$350 will apply to custom color orders of less than 100 chairs. The following minimums are required for custom textile colors.

Vellum:	50-chair minimum (Freedom) 100-chair minimum (Liberty & Diffrient World)
Wave:	175-chair minimum (Freedom) 350-chair minimum (Liberty & Diffrient World)
Torque:	110-chair minimum
Lotus:	200-chair minimum (Freedom) 400-chair minimum (Liberty & Diffrient World)
Ginkgo:	240-chair minimum (Freedom) 480-chair minimum (Liberty & Diffrient World)

Non-Stocked Colors – Vicenza, Sabrina and Prima leathers, Sensuede, Spirit Millennium, and Promessa can be ordered in any color standard to these textile lines, even if it isn't stocked by Humanscale. Ordering any non-stocked color may impact the lead time for delivery. The list price upcharge for these non-stocked colors is as follows:

Sensuede, Spirit Millennium, Promessa:
\$30 per chair (Freedom), \$20 per chair (Liberty & Diffrient World)

Vicenza, Sabrina, Prima, Acqua, Cervo: No upcharge

Civilization advances by the number
of important operations which we can
perform without thinking about them.

Benefits of Energy-Efficient Task Lighting

Improve Comfort

Different tasks and different users can require significantly different levels of light, and therefore can't be accommodated by single-source overhead lighting schemes.

Task lighting is essential for ergonomic comfort by supplying the right amount of adjustable illumination for each user and task while reducing eyestrain, headaches, monitor glare, and other symptoms caused by poor office lighting.

Save Energy

When task lights are implemented at each workstation in an office, ambient lighting levels can be reduced. And when lower levels of overhead lighting are combined with energy-efficient task lights, the cost-savings can be significant.

Top-Mounted Arm Bracket, M4 Adjustable Double-Link Arm, Two-Piece Low-Profile Clamp Mount with Slim Post. Accommodates one monitor, 5 – 20 pounds.

M4Z \$500
M4S-Z Silver
M4B-Z Black

Top-Mounted Arm Bracket, M4 Adjustable Double-Link Arm, Bolt-Through Mount with Slim Post. Accommodates one monitor, 5 – 20 pounds.

Build Your M7/M4 Product Code

To determine the list price for your monitor arm solution, identify your choice for each component and build the product code as shown below. Add the prices for all the options selected.

PRODUCT "M7" or "M4"	BRACKET STYLE	COLOR	ARM STYLE (3b and 3c, if applicable)	MOUNT	POST STYLE	ADD-ONS (if applicable)
	1	2	3 3b 3c	4	5	6
_____	_____	_____	_____	_____	_____	_____

1

BRACKET STYLE

Choose the appropriate Bracket based on number of monitors and Bracket Style. There are two characters in the product code for Bracket Style.

2 COLOR

3 ARM STYLE

Choose the desired arm style (M7 shown). There is one character in the product code for Arm Style. To order a monitor arm for one monitor, only one character (component #3) is required. To order an arm for two monitors (as with N2 or B2 Brackets), use #3 and #3b to specify the left Arm Style, then the right Arm Style (in that order). To order an arm for three monitors (B3 Brackets), use #3 and #3b and #3c to specify the left Arm Style, the middle Arm Style, and the right Arm Style (in that order).

5 POST STYLE

Choose the desired Post, if applicable. There are two characters in the product code for Posts.

6 ADD-ONS

Enhance the function of your monitor arm with optional Add-Ons. Simply include the applicable codes for the desired Add-On. For example, for the Quick Release Add-On only, add a QR to the end of the product code. For a Quick Release and a Post Stop, the product code would end in QRPS.

4 MOUNT STYLE

Choose the desired Mount based on your mounting surface. There are two characters in the product code for Mounts.

ACCESSORIES

Monitor Arm Accessories are ordered separately from the monitor arm itself. Product codes for Accessories, detailed on page 71, are not included in your monitor arm product code.

¹ Polished Aluminum requires 8–10 weeks for delivery after receipt of order.

² Choose one mount from Horizontal Surfaces, Wall Stud Mounts, Slatwall Mounts (Standard or Universal) or Panel Mounts.

³ Standard Slatwall accommodates multiple monitors or a post. Universal Slatwall is for single monitors only.

⁴ Slim Posts only available for use with single arms or double arms with maximum monitor weight of 30 pounds.

⁵ Crossbar only available with a T2 and B2 Bracket and two M7 8" Folding Link Arms (Arm Style 9) or two M4 Adjustable Double Link Arms (Arm Style A).

⁶ When ordering Notebook Holder with two-monitor configurations, a single Notebook Holder will be placed on the right arm.

⁷ Standard Keyboard Holder consists of 19" board with 8" round mousing surface and gel palm support for both; Humanscale #90011RG.

⁸ Wide Keyboard Holder consists of 25" keyboard/mousing board with gel palm support.

⁹ One Phone Mount provided. With double or triple arms the phone mount can be placed on any arm.

¹ Silver unit has Light Gray accents (cable managers, trim, etc.), Black unit has Black accents.

² Contact Humanscale Rep for availability.

³ If ordering a two-row Para/Flex Plus, add \$210 as two long 20" wings will ship with order.

Access Rail

Desk-Mounted Access Rail

Build Your Product Code

To determine the product code and list price for the first segment of your Access Rail, identify each component required for your two-post configuration and insert the appropriate code in the chart below. For configurations requiring more than two Posts, you must create a separate product code for add-on configurations, which require only one Post. To calculate list price, total the cost of all components.

Product	Post Height/ Number Of Collars	Color (Silver)	Post Quantity & Mount Style	Number Of Rails	Rail Length
Access Rail	1	2	3	4	5
A1	—	S	— — —	—	— — —

1 POST HEIGHT/NUMBER OF COLLARS

The number of Collars is dependent upon the number of Rails, the desired Rail height, and the configuration. Two-Collar Posts accommodate one Rail. Three-Collar Posts accommodate one or two Rails. Four-Collar Posts accommodate one to three Rails. Five-Collar Posts accommodate one to four Rails. The maximum number of Collars for Rails longer than 48" is two (1-Rail).

2 COLOR

The Access Rail is currently available in Silver. Custom colors may be available. Consult your Humanscale representative.

3 POST QUANTITY & MOUNTING STYLE

For your first Access Rail segment, select a two-post configuration with the Mount that is appropriate for your work surface. Add-on configurations consist of one Post. Complete a separate product code for each configuration segment.

4 NUMBER OF RAILS

Select the desired number of Rails noting that the maximum number of Rails is one less than the total number of Collars on each Post.

5 RAIL LENGTH

Select the appropriate Rail length for your work space solution, noting that Rail length specified is the actual Rail length—not desk width—and that the Posts, Mounts and Rail Endcaps take up space that must be accommodated (see Access Rail Spec Guide).

Desk-Mounted Access Rail Component Pricing Chart

COMPONENT		CODE	DESCRIPTION	TWO COLLARS	THREE COLLARS	FOUR COLLARS	FIVE COLLARS
1	POST HEIGHT/ NUMBER OF COLLARS			2	3	4	5

Wall-Mounted Access Rail

Build Your Product Code

To determine the product code and list price for the your Wall-Mounted Access Rail, identify each component required for your configuration and insert the appropriate code in the chart below. To calculate list price, total the cost of all required components.

Product	Color (Silver)	Rail Length
Access Rail with Wall Mount	1	2
AW	S	— —

- 1 **COLOR**
- The Access Rail is currently available in Silver. Custom colors may be available. Consult your Humanscale representative.

- 2 **RAIL LENGTH**
- Select the appropriate Rail length for your work space solution, noting that Rail length specified is the actual Rail length.
Note: Wall Mounted Access Rails up to 42" include two Wall Mount Brackets and 48-60" Rails include three Wall Mount Brackets.

IMPORTANT: Humanscale bears no responsibility for installation of the Wall-Mounted Access Rail and is not liable in any way for the manner in which the Wall-Mounted Access Rails are attached to the wall. Installation should be managed by a structural engineer.

Wall-Mounted Access Rail Pricing Chart

Component	Code	Description	Price
1 Color	S	Silver	\$0
2 Rail Length			
	18	18" Rail	330
	24	24" Rail	350
	30	30" Rail	370
	36	36" Rail	410
	42	42" Rail	450
	48	48" Rail	545
	54	54" Rail	590
	60	60" Rail	640

Access Rail Extras

The following components and accessories are ordered separately from the Access Rail.

ADDITIONAL RAILS

An add-on for adding Rails to an existing installation.

Code	Description	Price

Build Your Keyboard System Product Code

Choose from our many mechanisms, keyboard platforms, mouse platforms, palm supports and track lengths to configure your own customized keyboard system.

White mechanisms ship with White keyboard and mouse platform, Gray palm support and mouse pad.

Platinum mechanisms ship with Platinum keyboard and mouse platform, Gray palm support and mouse pad.

Black mechanisms ship with Black keyboard and mouse platform, Black palm support and mouse pad.

Keyboard System Product Code:

Mechanism	Keyboard Platform	Mouse Platform	Palm Support	Track (optional)
1	2	3	4	5
_____	_____	_____	_____	_____

1

Mechanism Options

All keyboard mechanisms, with the exception of the KM, offer 0° to -15° tilt for low-risk typing postures.

Build-Your-Own configurations are available in Black only, unless otherwise noted.

6G (Black), **6GW** (White) \$255
Humanscale's most advanced keyboard mechanism to date, the 6G provides intuitive ergonomic adjustability and unmatched styling.
7" height adjustment
(1.75" above track to 5.25" below track)
Comes standard with 21.625" track

5GSM (Black), **5GSV** (Platinum) \$270
The 5G Short Mechanism provides 5G functionality with a shorter arm for small workstations and tight spaces.
4" height adjustment
(0.5" above track to 3.5" below track)
Comes standard with 18" track

5G (Black), **5GV** (Platinum) \$270
The world's best-selling keyboard mechanism, the 5G combines easy dial-a-tilt and height adjustability with the strongest arm on the market.
6.25" height adjustment
(1.25" above track to 5" below track)
Comes standard with 21.625" track

5GAD \$335
The 5G Above Desk mechanism provides 5G functionality with a longer arm for use above the work surface.
13.5" height adjustment
(7.5" above track to 6" below track)
Comes standard with 27" track

4G \$375
The 4G represents revolutionary keyboard technology with simple dial-a-tilt keyboard angle adjustability.
6.25" height adjustment
(1.25" above track to 5" below track)
Comes standard with 21.625" track

4GAD \$335
The 4G Above Desk mechanism provides 4G functionality with a longer arm for use above the work surface.
11.5" height adjustment
(8.5" above track to 3" below track)
Comes standard with 27" track

2G \$240
The original standard bearer, the 2G offers independent height and tilt adjustment and unmatched stability.
6.25" height adjustment
(1.25" above track to 5" below track)
Comes standard with 21.625" track

DS \$360
The Double Swivel provides an additional pivot point for increased adjustability.
80° swivel at platform
6.25" height adjustment
(1.25" above track to 5" below track)
Comes standard with 25" track

KM \$220
The Standard Pre-Set Tilt Arm offers total knee clearance, knob-free adjustment and 0° tilt.
6.25" height adjustment
(1.25" above track to 5" below track)
Comes standard with 21.625" track

Mechanism Accessory LS \$86
The Lateral Slider allows the platform to be adjusted left or right a total of 8" for optimal keyboard positioning. It can be ordered with any keyboard mechanism by indicating "LS" after the mechanism code (e.g., 6GLS or 6GWSL).

2 Keyboard Platform Options

All Build-Your-Own platforms are available in Black only, unless otherwise noted.

900 Standard \$100

Available in White with 6GW.

Available in Platinum with 5GV or 5GSV.

500 Big \$150

Comes with built-in mousing surface.

Not available with other mouse platform options.

Available in Platinum with 5GV or 5GSV.

950 Standard Compact \$100

Available in White with 6GW.

Available in Platinum with 5GV or 5GSV.

550 Big Compact \$150

Comes with built-in mousing surface.

Not available with other mouse platform options.

Available in Platinum with 5GV or 5GSV.

700 Diagonal \$100

400 Diagonal Big \$150

Comes with built-in mousing surface.

Not available with other mouse platform options.

800 Radiused \$100

300 Curved \$100

Not available with a palm support.

600 Extender \$120

100 Combo \$100

3 Mouse Platform Options

All Build-Your-Own mouse platforms are available in Black only, unless otherwise noted.

Replacement Tool Kit for CPU555SEC
(comes standard with CPU555SEC)

CPU555SECKIT \$55

Retrofit Security Kit for CPU555
(comes standard with CPU555SEC)

CPU600 (Black) \$175
CPU600W (White) \$175

Fits CPUs 3.5" to 9"
wide by 12" to 20" high
Max CPU Weight: 50 lbs.

Installed Dimensions:
7" or CPU Width + 1.7" (whichever is greater),
CPU Height + 3.6"

CPU Dolly

CPUPLY \$160

Fits CPUs 3.25" to 9" wide

Installed Dimensions:
CPU Height + 3.75"

CPUPLYPLT \$170

With Platform
For CPUs 1.5" to 9" wide

CPUPLATFORM \$18

CPU Dolly Retrofit Platform

CPUPLYH \$40

Telescoping Pull Handle

Quick Track

Quick Track and Bracket

16QT 16" Quick Track \$60
22QT 22" Quick Track \$60

Easily removable (without tools) front bracket makes swap-outs a snap.

To order, simply add "16QT or 22QT" to end of product code (e.g., CPU55516QT).

Comes standard with CPU600.

Glare Filters

Flat Panel Filters

with Tempered Glass and
95% Transmission (5% Tint)

NOTE:

Filter fits size of monitor indicated by number in code.
For example, FP15 fits 15" monitors.

Standard

FP15	14.25" W x 10.875" H	\$130
FP17	14.625" W x 12.75" H	\$230
FP19	15.75" W x 12.375" H	\$260
FP20	17.125" W x 13" H	\$275
FP21	18.125" W x 13.75" H	\$290

Privacy

FP15PF	13.125" W x 10" H	\$245
FP17PF	15" W x 11.5" H	\$305
FP19PF	15.75" W x 12.375" H	\$340
FP20PF	17.125" W x 13" H	\$350
FP21PF	18.125" W x 13.75" H	\$370

In-Line Document Holders

Copy Drawer

CH3000 (Putty)	\$160
CH3000B (Black)*	\$160
15" D x 15.5" W x 3" H	

Copy Stand

CH1000 (Putty)	\$130
CH1000B (Black)*	\$130
12" D x 14" W x 3" H	
For use with CRTs	

Copy Stand Basic

CH900 (Putty)	\$115
CH900B (Black)*	\$115
11" D x 14" W x 3" H	

For use with flat panel monitors

* Black may require up to an 8–10 week
lead time. See your Humanscale sales
representative for more information.

Security Lock

Security Lock

SECLOCK	\$32
For CPUs, laptops, flat panels, etc.	
Combination lock with 3' cord.	
Fits all units with standard security keyhole	

Keyed Security Lock

TT1	\$32
For CPUs, laptops, flat panels, etc.	
Keyed lock with 2' cord.	
Fits all units with standard security keyhole	

Humanscale and the Environment

Humanscale Terms and Conditions

THE FOLLOWING TERMS & CONDITIONS APPLY TO ALL HUMANSCALE PRODUCTS.

TERMS OF PAYMENT

Upon approved credit, terms of payment are net 30 from date of shipment. Deposits may be required for large or custom orders. The processing of orders and/or shipment of orders placed may be delayed if the deposit is not received with the order or if customer's account is in "Past Due" status.

CREDIT POLICY

All customers of Humanscale must complete a credit application, with current information, which must be signed by an owner or officer. A line of credit may be set by our Credit Department, however the basis for the line of credit may be changed or cancelled at our discretion and advance payment may be required. Any unpaid balance, upon which payments are not made according to the terms governing the sale, will be considered "Past Due" and will increase by a maximum of 2% per month, without forfeit of Humanscale's right to payment.

Any customer who has failed to pay for goods delivered or services rendered in a timely manner shall be liable for all fees, expenses, disbursements, and charges (including all legal costs) incurred by Humanscale in collecting monies owed, as well as interest (at 24% per annum).

PURCHASE ORDERS

Purchase orders must include the following: "Bill To" and "Ship To" information—Company Name (Ship To company may be end user or installation company), Address, Telephone, Fax, Contact Person; End User Company Name; Requested Ship Date; Purchase Order Number; Special Delivery, Shipping and Packing Instructions (if applicable); Proper Discount Off Current List Price, Product Quantities and Full Model Numbers; and Total (List/Net).

ORDER CHANGES & CANCELLATIONS

All changes to or cancellations of orders placed with Humanscale must be in writing and sent to Customer Service. Orders may be changed or cancelled without penalty if Humanscale is notified at least two (2) weeks before the scheduled ship date for standard orders (under 250 units), or at least three (3) weeks before the scheduled ship date for large orders (250 units or more). Order changes or cancellations made less than two (2) weeks before the scheduled ship date for standard orders or less than three (3) weeks before the scheduled ship date for large orders will incur a minimum change/cancellation fee of 10% of net. Irrespective of when notified, changes or cancellations are not binding upon Humanscale until Humanscale issues a written acknowledgment of the change or cancellation. Order changes are defined as the deletion of line items; changes in style, color, quantity or requested ship date; or ship-to address changes. Order changes that result in a quantity reduction may be subject to an additional small order fee or adjustment in pricing. Under no circumstances will changes or cancellations be accepted on any custom fabric, special order or custom product orders.

TAXES

Humanscale list prices do not include sales tax. Customer is responsible to remit all such tax. Humanscale requires a State Resale/Exemption Certification to be on file at its main office. Sales made without said Certificate will be charged the appropriate sales tax.

PRICES

All discounts and list prices are subject to change without notice. Prices are those in effect at the time of order entry. If the requested shipment date is more than 90 days after the order date, Humanscale reserves the right to price said order based on the published list price as of the shipment date.

SMALL ORDER FEE

A 3% small order fee applies to all invoiceable orders of \$1,500 net or less, including billable replacement parts, regardless of product category.

SHIPPING AND DELIVERY

All Humanscale orders are acknowledged with a promise date (scheduled ship date) based on the product with the longest lead time. Large orders may increase standard lead times. Standard shipping charges will be billed to customer. Custom platform orders require 4 to 6 weeks.

Seating orders, unless otherwise specified, will ship 4 to 6 weeks from the date of order. Unless otherwise contractually specified, Diffrient World, Freedom and Liberty chairs will ship with the base and frame disassembled. Chairs can be easily assembled in seconds without use of tools. Blanket-wrapped shipping is available for full truckloads of 200 or more Diffrient World, Freedom or Liberty Task and Conference chairs. Consult your Humanscale representative for blanket-wrapped shipping requirement for Cinto and the Liberty Side chair.

Ship Sets: All products ordered on a single purchase order will be delivered together in a single ship set. To break a ship set, customers must indicate "Ship as Available" on the purchase order. Upon request, customer accounts may be defaulted to ship all orders on an as-available basis.

Shipping Instructions: Humanscale will attempt to accommodate basic shipping instructions, such as "call ahead" or "deliver before 12:00 p.m.," if clearly identified on the purchase order as "Shipping Instructions."

Packing Instructions: Humanscale will attempt to accommodate basic packing instructions for internal delivery of specific items on an order, such as "Deliver to Joe Smith" or "Deliver to cube #218," if clearly identified on the purchase order as "Packing Instructions."

DELIVERY SHORTAGES

Product shortages must be noted at the time of delivery and reported to the carrier for correction. Claims against Humanscale for shortages, errors, etc., must be made in writing and within three (3) days of the date of delivery or customer waives its right to make such a claim.

FREIGHT CLAIMS

Humanscale will file all F.O.B. destination claims. In order to receive credit, customer agrees to cooperate and assist in the procedures set out by the carrier and Humanscale.

EXTERNAL DAMAGE

If the shipping container shows any external damage, customer is instructed to refuse the product at time of delivery. If it is a multiple piece shipment, customer may refuse only the damaged items. Humanscale will not issue full credit for returned product unless customer takes the following action steps:

1. Note damage on the delivery receipt at time of delivery.
2. Refuse product at time of delivery.
3. Contact Humanscale Customer Service within 24 hours of the attempted delivery and advise them of the damage.
4. Enter a chargeable replacement order; credit will be issued after the disposition of damaged product is determined.

CONCEALED DAMAGE/LOSS

If customer determines that there is internal damage not visible at time of delivery, customer will retain all packaging materials and take the following action steps within fifteen (15) calendar days from the date of delivery:

1. Request inspection by calling local freight carrier to report damage.
2. Retain merchandise in the original box.
3. Call your Humanscale Customer Service agent to provide order and product information.
4. Get a copy of the inspection report from carrier.
5. Enter a chargeable replacement order; credit will be issued after the disposition of damaged product is determined.

STORAGE

If a customer is unable to accept a scheduled product delivery, Humanscale, if notified in writing after product assembly and prior to the scheduled ship date, will store the product at customer's expense. Humanscale shall invoice customer for the product and monthly Storage Fees.

Storage Fees will be 1% of the net order value per month or actual storage costs—whichever is greater. Storage Fees are calculated with a one-month minimum and will not be pro-rated. If customer is unable to accept a scheduled product upon delivery, customer shall be responsible for placing the product in storage and bears the risk of loss. However, payment of the balance due is per Humanscale's Terms of Payment.

RETURN AUTHORIZATIONS & REFUSALS

All returned and non-damaged refused orders are subject to a five percent (5%) restocking fee. Seating and special order returns will not be accepted. Customer must request a Return Authorization through the Humanscale Customer Service Department within 45 days of product receipt to return any product. If Humanscale agrees to restock the product, customer must return it freight prepaid to Humanscale, F.O.B., to the original shipping point or as otherwise instructed by Humanscale Customer Service. If product is returned without a Return Authorization, Humanscale will notify customer of the unauthorized return and customer must provide instructions for its disposition within one week thereafter. Failure of customer to respond within one week will result in Humanscale's right to dispose of the product with no credit. Return Authorizations expire sixty (60) days after the date of issue. If the returned product is not in resalable condition, customer will not receive credit for the return. Customer must promptly provide a purchase order or other acceptance of fees/credit reduction as required.

WARRANTY

THE FOLLOWING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE AND ALL OTHER WARRANTIES ARISING FROM COURSE OF DEALING OR USAGE OF TRADE.

Humanscale offers the following warranties on its products:

PRODUCT	WARRANTY
All seating and other products detailed in a current Humanscale Price Guide, unless otherwise specified	15 Years, 24/7 Warranty
Fabric/Cushions/Arm Pads	5 Years, Single-Shift Warranty
M4, M7 & M8 Monitor Arms with Gas Cylinder Components	10 Years, 24/7 Warranty
Diffrient Series Lights	5 Years, 24/7 Warranty
Element and Horizon Series Lights, including light source	5 Years, 24/7 Warranty
Artemide Tolomeo Light	2 Years, 24/7 Warranty
CFL Light Bulbs	1 Year, Single-Shift Warranty
ZÖN Air Purifiers	3 Years, 24/7 Warranty
Switch Mouse	1 Year, 24/7 Warranty
Customer's Own Material (COM, COL)	No Warranty
All other products NOT detailed in a current Humanscale Price Guide	Varies; consult your Humanscale representative for details

This Warranty is applicable to the initial purchaser only and is non-transferable. If products are procured through authorized Humanscale Dealerships, the end-user customer name and address must be included on dealer purchase orders with Humanscale for the warranty to be in effect. Humanscale warrants that, at the time of customer's receipt, the product will be in good working order and will be free from defects in material and workmanship. This Warranty does not apply to normal wear and tear or damage caused by accident, neglect, misuse or improper installation or operation. Humanscale will not be responsible for damage due to service, maintenance, modifications or tampering by anyone other than a Humanscale authorized representative. In the event a product is defective and Humanscale receives written notice of the defect within the Warranty period, Humanscale, at its option, will either repair or replace the defective product. This Warranty does not cover damage caused by a carrier or transportation of the product from one location to another, or alterations made by owner.

LIMITATION OF LIABILITY

Purchaser's remedies set forth herein are exclusive and the liability of Humanscale with respect to the breach of this agreement or any contract entered into between the parties pursuant hereto shall not exceed the price of the product or part on which such liability is based. In no event will Humanscale be liable to purchasers for any special, collateral, incidental or consequential damages however caused, whether by Humanscale's negligence or otherwise.

The remedies provided above are the purchaser's sole remedies for any failure of Humanscale to comply with its obligations regarding the workmanship of its products. Correction of any nonconformity in the manner and for the period of time provided shall constitute complete fulfillment of all liabilities of Humanscale, with respect to or arising out of the product furnished hereunder.
