# Fabrics and leather

Nothing is left to chance when we choose our range of fabrics and leather. All raw materials must meet strict requirements and our high standards.

The collections of fabrics and leather for Stressless® Dining are based on several of the existing colours and qualities used for our other Stressless® furniture. This makes it easy for you to find combinations that match the rest of your interior.

## Stressless® fabric collection

Our specially selected fabrics meet the furniture industry's strictest requirements. Stressless® fabrics are produced in accordance with strict environmental conditions and must pass international tests for durability, light fastness, pilling resistance, fire safety and color fastness. Choose from our wide selection of colors to match your interior.

Please note that color changes will occur over time as a result of use and the effects of exposure to light. You should always protect your furniture from direct sunlight. To prolong the life and appearance of your dining chairs, the fabric upholstery should be regularly vacuumed, professionally dry-cleaned or cleaned with our approved Stressless® Fabric Care kit.

## Stressless® leather collection

Stressless® is one of Europe's biggest consumers of leather. We buy our leather from selected tanneries all over the world. Our own inspectors help to select the leather we use, working in accordance with international quality assurance standards. Buying Stressless® leather furniture means you benefit from all the experience we have gained over the years. Our leather is manufactured according to current laws, guidelines and recommendations relating to its utilization properties, as well as its use and content of chemicals and other substances. We work in partnership with recognized international institutions operating in this line of business to ensure we always stay up to date with matters relating to health, safety and the environment.

**Batick** is a corrected, pigment-improved and grain-embossed upholstery leather, which has had most of its natural marks removed. Batick may have a two-tone color effect to liven up the surface. Batick is resistant to fading, although changes in color will occur over time due to use and exposure to light. A protective layer of lacquer simplifies cleaning. Simple cleaning, excellent utilization properties and a favorable price make Batick a good choice.

**Paloma** is a slightly corrected leather with a combination of dyes and pigments that smoothe down some of the structure (the grain pattern) of the leather. The grain structure in Paloma may, however, vary a little on some parts of the furniture, and minor color nuances may also appear in the leather. A thin coat of lacquer gives Paloma some protection and simplifies cleaning, but Paloma does not have the same heavy-duty quality and protection as Batick. Due to its soft, natural and comfortable expression, Paloma is a very popular choice.

## Stressless® Leather and Fabric Care kits

Ekornes offers its own leather and fabric (including microfibre) care kits to match the high quality of our furniture.

The Stressless® Leather Care kit (medium, large) contains a leather cleaner and protection cream. Stressless® Leather Care Wipes are also available. For maintenance, and to make the leather more resistant to stains, the protective cream should be applied to all your chair's leather surfaces when new. We recommend that you clean the leather with Stressless® leather cleaner at least once every six months to keep your leather looking its best, removing stains regularly and ensuring long leather life. Always apply the protective cream after cleaning.

The Stressless® Fabric Care kit contains a fabric cleaner, a stain remover and an Ox Cleaner. This kit contains everything you need to clean your chairs in minutes without removing the fabric cover. For resistant stains, use the fabric cleaner together with the stain remover and Ox Cleaner.

These are the only cleaning products recommended by Ekornes. Ekornes accepts no responsibility if cleaning products other than those recommended by Ekornes are used and cause damage to the leather or fabric.

# Dining tables

The new tables from Stressless® Dining have a functional and beautiful design – perfect for accommodating both informal and important gatherings.

## Choose tabletop

Choose between Stressless® Madeira, which has a rectangular shape or Stressless® Toscana, which has a slightly curved shape. Both versions can be expanded using leaf inserts.

**Stressless® Madeira**  
W: 69" H: 28½" D: 37½"

**Stressless® Toscana**  
W: 69" H: 28½" D: 37½"

## Choose legs

The table tops can be combined with two different leg solutions; T200 in veneer and with straighter edges than the T100, which are more rounded and made of solid oak or beech.

**T100**

**T200**

## Choose finish

Both tables are available in natural oak, whitewashed oak or walnut, and with a matt-varnished topcoat.

**Whitewashed Oak**

**Walnut, stained beech**

**Natural Oak**

**T100**

## Choose leaf inserts

The dining tables are supplied with the option of two different systems for extending the tables.

1. An integrated pull-out system with a leaf of 31½ inches that automatically rises when you pull the end of the table. The leaf sinks again when you push the table end.

2. Up to two leaf inserts\* of 19¾ inches each that can be stored under the table top when not in use.

Please note: Color differences may arise as the leaf inserts may not be exposed to sunlight as much as the rest of the table.  
\* The leaf inserts are manufactured and supplied separately, and so will not have 100% matching veneers.

# The pleasure of comfort

Since 1934, we have had the pleasure of filling homes all around the world with comfort. Our longevity has helped to make Stressless® one of the best-known brands in the furniture industry. Our Ekornes colleagues all share a passion for detail and innovative solutions. This commitment enables us to continually invent new systems designed to give your body the best possible sitting experience – whilst giving your home the ultimate decor. Yes, we may be 80 years old, but we never stop pushing the boundaries and questioning the limits of what is possible in terms of ultimate comfort and the most spectacular designs.

There are many reasons why our recliners, sofas and dining chairs are so unbelievably comfortable – every piece of furniture is the work of highly-skilled staff, the effective choice of materials and innovative solutions. The landscape that surrounds us also plays a significant role in defining our products. Norway's majestic peaks and endless fjords set our minds at ease and are the perfect antidote to stressful days. If you have not yet visited the fjords, but would like a taste of what they offer, we recommend taking a seat in a Stressless®. It may well be the closest you'll ever get to the bliss of pure comfort.
