

## CITYclub

### Wall-Hugger Massage Chair

with Robotic Massage® Technology

Human Touch Technology® is  
the preferred technology of the  
World Federation of Chiropractic

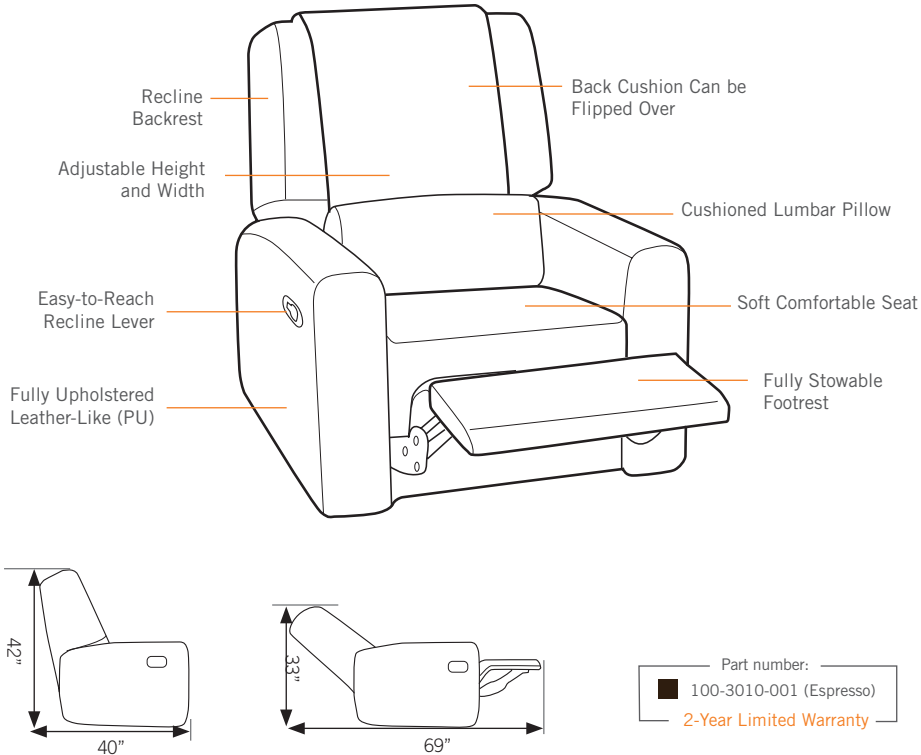

## Uptown style with a downtown price. Welcome to the CITYClub.

It's not often you run across something with equal parts beauty, brains and brawn. Then again, it's not every day you discover something like the CITYClub—Human Touch's newest creation. Seamlessly combining the comfort and styling of a recliner with the health and wellness benefits of a massage chair, this amazing chair redefines style, comfort and stress relief.

Beginning with its luxurious leather-like exterior and wall-hugging recline geometry, you get the feeling the CITYClub is something different. Then you sit back, recline and turn it on—and you know it's special. Choose from six auto-massage programs incorporating four manual mode massage techniques for a remarkably effective massage. Zone settings for targeted relief, width and height adjustments, and a back cushion that flips back to let you customize your massage from gentle and relaxing to focused and invigorating. Welcome to the style, elegance and excitement of the CITYClub.

**More Features for More Comfort**

**MASSAGE CONTROLLER – It's all at your fingertips**

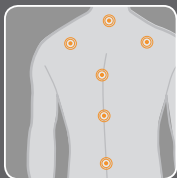

**Auto Programs**

- P1 Sore Muscle Relief**  
Revitalizes the body while soothing sore and aching muscles.
- P2 Stress Therapy**  
Refreshes the senses by easing away hard to work out knots and kinks.
- P3 Back Wellness**  
Keeps aches and pains at bay with a custom massage that melts away lumbar soreness and tension.
- P4 Day Time Relaxation**  
Relieves aches and pains to rejuvenate body and mind any time of day.
- P5 Night Time Soothing**  
Promotes deeper sleep by easing stress and tension with a full-back massage.
- P6 Sports and Back Therapy**  
Prepares the body for activity and relaxes muscles and joints after exercise.

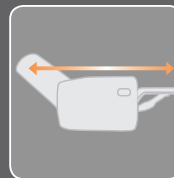

**The perfect fit for your body, style and wellness.**

The Human Touch CITYClub is part massager, part recliner and all beautiful. Take a seat, ease back, customize the chair to your body and enjoy new levels of comfort and wellness.

**6 INVIGORATING MASSAGE PROGRAMS**

Refresh the entire back, relieve the neck and shoulders, or release the lower back with six auto-massage programs that incorporate four massage techniques used by professional massage therapists—rolling, kneading, percussion and kneading + percussion.

**FULL RECLINE**

With the simple pull of a handle, lean back up to 135 degrees. The further you recline, the greater the massage intensity.

**WALL-HUGGING GEOMETRY**

The CITYClub's unique geometry allows for this chair to be placed just 5 inches from the wall when upright, conserving space when fully reclined.

**CUSTOMIZABLE MASSAGE**

Increase intensity by flipping the back cushion to customize your massage and further tailor the CITYClub to your unique preferences.
